Is there a disconnect in your marriage or your relationship with your child? As you start to read this book you will learn not everyone receives love the same way and not everyone gives love the same way. Gary Chapman identifies and discusses five ways people receive and give love in any relationship. These five love languages are

- ♥ WORDS OF AFFIRMATION
- ♥ ACTS OF SERVICE
- ♥ RECEIVING GIFTS
- ♥ QUALITY TIME
- ♥ PHYSICAL TOUCH

Why we love this book:

Sometimes in relationships you can feel as though you are giving the relationship your all and still feel drained. This book explains common issues in marriage and offers a different perspective on why you feel drained after giving the relationship your all. At the end of the book take the assessment and discover your love language. You can also complete the assessment online at www.5lovelanguages.com.
