

## Options for Individualized Instruction Tutoring Services

### General Information:

- The cost of the initial tutoring consultation session is \$75
- Sessions are individualized for each student.
- The instructor is a licensed teacher
- The length of each tutoring session is approximately 45 minutes.
- The cost of each tutoring session after the initial consultation is \$49
- Payment is non-refundable because the teacher has to prepare for each student individually.
- Sessions can be rescheduled if more than 24-hours' notice is given. There is a no show/late cancellation fee equal to the fee of the missed session if the session is cancelled with less than 24 hours' notice.
- Tutoring is not covered by health insurance and is self-pay only.
- Realistically, it will take more than a few sessions to improve struggles that have been present for months or years

### Plan A: Individual Sessions

- Student will meet with the instructor as set number of times determined during the consultation session
- A minimum of three sessions is highly recommended
- Payment is due prior to scheduling tutoring sessions.
  - Ex. If you pay for one session at a time, then you can schedule one session at a time
  - Ex. If you pay for all three sessions at first, then you can schedule all three sessions. This is particularly beneficial if you do not want a large gap between sessions or if you need specific dates and times.

### Plan B: Eight-Week Program

- Student will meet with the instructor once per week for eight weeks
- The last session will consist of post-testing and teacher and parent will determine if more sessions are needed
- Payment is due prior to scheduling tutoring sessions.
  - Ex. If you pay for one session at a time, then you can schedule one session at a time
  - Ex. If you pay for four sessions at first, then you can schedule four sessions. If you pay for all eight sessions at first, then you can schedule all eight sessions at once. This is particularly beneficial if you do not want a large gap between sessions or if you need specific dates and times.

### Plan C: Six-Week Program

- Student will meet with the instructor twice per week for six weeks
- The last session will consist of post-testing and teacher and parent will determine if more sessions are needed
- Payment is due prior to scheduling tutoring sessions.
  - Ex. If you pay for one session at a time, then you can schedule one session at a time
  - Ex. If you pay for six sessions at first, then you can schedule six sessions. If you pay for all sessions at once, then you can schedule all sessions. This is particularly beneficial if you do not want a large gap between sessions or if you need specific dates and times.

### MARCH 2022 Promotion:

- Save \$10 on all consultation sessions scheduled by March 25, 2022.
- Save 10% on all services paid in full by April 15, 2022.
